

Wire Loom

Fabric Loom

Part #	ID	Price per ft.
702	1/4	.39
703	5/16	.46
704	3/8	.54
706	1/2	.71
707	9/16	.83
708	5/8	.90

A tough non-metallic seamless tubing designed for protection of automotive wiring and battery cables that is also good for covering hydraulic brake lines and for general anti-rattle sleeve use.

Split Loom

Part #	ID	Price per ft.
783	1/4	.55
784	3/8	.60
786	1/2	.64
788	5/8	.78
789	3/4	.99
790	1	1.24

Black polyethylene convoluted loom holds groups of wires in position and gives the wires excellent protection against abrasion and crushing. Slit for easy insertion of wire. Slit remains closed when loom is bent or twisted.

Spiral Cut Loom

Part #	OD	Price per ft.
722	1/4	.35
725	3/8 (natural only)	.52
726	1/2	.69
728	3/4 (black only)	1.55

Spiral cut polyethylene tubing is used to hold bundles of wires together. It is also used to wrap tubing and control rods for protection from abrasion and for noise suppression. Spiral cut tubing has an elastic memory and tends to come back to and hold its original shape. When ordering, specify black or natural.
